BRAND STORY

A colourful washing station,
Our design is : Distinctive, Authentic,
Elegant, Long-lasting and Functional.

The kitchen really is the castle itself. This is where we spend our happiest moments and where we find the joy of being a family. Whether you believe that the kitchen is the heart of the home or not, you cannot deny that it is a hub of activity, you can bring a greater sense of ease to daily kitchen life by opting for a perfect system.

Between preparing food, drinking water and cleaning up, we spend more than half of our time in the kitchen. This is where simplified workflows come into play; with the crossten quartz kitchen sinks and make your life easy. We always have been the guarantor of the environment sustainability, both from the raw material and design point of view. To emerged as a premium manufacturer of quartz kitchen sinks with catering quality designs for interior decorators, architects and builders in india as well as abroad. Enhance your kitchen with a seamless solution, we provide steadfast support under any circumstances.

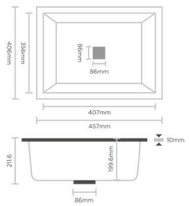

Once you're aware of cleanliness's importance within the kitchen, you'll be looking for premium quality. Our solutions have undergone internal technical feasibility tests, so a good fit for all components is guaranteed. all component designs are geared towards a seamless solution and match your every countertop. It helps you keep your kitchen organised and makes cleaning as easy as possible.

Ferris Granite | Classic Granite | Saffron Granite | Sandy Granite

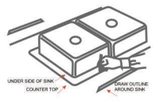

INSTALLATION

Top Mount | Flush Mount | Under Mount

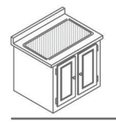

INSTALLATION SINK

Trace the outline of the template and cut countertop according to templated outline suing appropriate cutting tools. Template is for guide only. Use physical sink to ensure accurate cutout opening.

Draw a line 1 cm inside the sink outline.

Locate the drill holes on the underside of the counter top, approximately 1"from edge of the sink to be installed. Holes should be evenly spaced approximately 6" to 8" apart starting from every corner as shown in.

Clean sink flange and underside of cutout area of countertop, making sure that the area is smooth and free of grease.

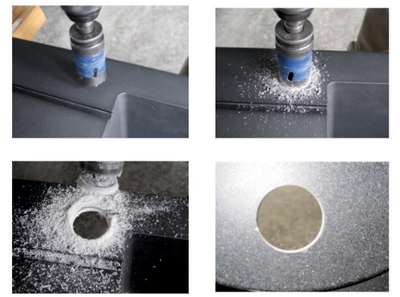

Apply continuous bead of silicone caulk evenly on top of sink flange. Position and align sink over the countertop opening and press sink onto countertop. Turn bent end of mounting bracket to snug over the sink rim.

Wipe away excess silicone caulk with damp cloth. Connect drain and water supply according to manufacturer's instruction.

DRILLING TAP HOLE

Invert the Sink, Use the marking to Drill the Hole with Wood Cutting Bit

We Use Frp Rod In Every Cover And Frame To Make It More Sturdy And Strong !!

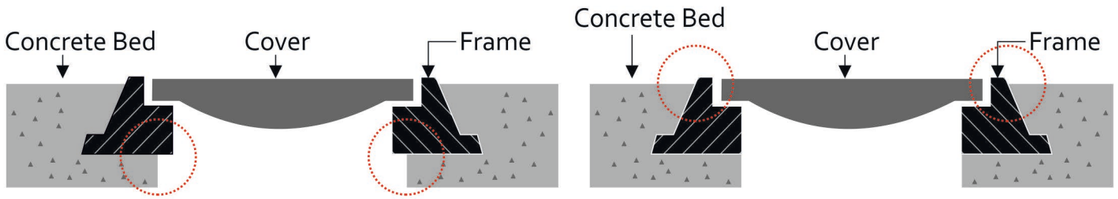

INSTALLATION PROCEDURE

CARE SHOULD BR TAKEN HANDLING MANHOLE COVER AND FRAMES TO PREVENT THE DAMAGE OF EDGES AND CORNERS.

- Make Sure That Top Level Of Frame Should Match The Road.
- Prepare Concrete Bed Considering Height Of The Frame.
- Frame Should Be Allowed To Set In Concrete For A Minimum Time Of 48 Hrs. Before Its Use.
- Please Note Frame Is Not Load Bearing And
- Therefore Has To Be Completely Supported From All Sides.
